Accessing Food Banks

If you feel you are struggling to put food on the table, agencies can work with you and offer support by issuing you a foodbank voucher which is the most important step to getting access to the foodbank. Agencies that can issue foodbank vouchers will include: Citizens Advice, housing support officers, children's centres, health visitors, social services and some local charities.

Call our free national helpline

If you are in financial crisis and live in England or Wales, please call our free national helpline, Help through Hardship, on **0808 2082138** for free (open Monday to Friday, 9am-5pm, closed on public holidays) to talk confidentially with a trained Citizens Advice adviser. They can help address your crises and provide support to maximise your income, help you navigate the benefits system, and identify any additional grants you could be entitled to. If needed, they'll issue you with a voucher so you can get an emergency food parcel from your local food bank.

Translators and Relay UK

Please ask the adviser if you need a translator, this will be provided via Language Line. If you can't hear or speak on the phone you can use [Relay UK](#).

There are seven Trussell Trust foodbanks in the county, some are now offering home delivery options and are operating an electronic referral system. Collectively, the seven food bank's footprint covers each region of Gloucestershire; ensuring support is available irrespective of location.

Independent Food Banks and Organisations

There are also some independent food banks and organisations in the county that can offer support with food, including:

Hungry no More (Churchdown)

Hungry No More operates from the GL3 Hub in Churchdown, providing vital support to our community.

We are open every Thursday morning to distribute food parcels, aiming to supply 3 to 4 days' worth of food, depending on donations. In emergencies, parcels are available any day. As a dedicated food bank, we assist those in Churchdown and surrounding areas who are truly struggling. This includes

individuals facing low income, job loss, furlough, or mental health challenges.

On average we are now helping 45 to 55 households each week. Referrals come from health professionals, housing coaches, mental health workers, and individuals themselves. We do ask for information on their circumstances to better understand their needs.

We maintain two Facebook pages: Hungry No More (closed for confidentiality) Innsworth and Beyond Hungry No More (open to the public) Please visit our open page to see what we do and view photos of our new setting. All donated food is given free of charge. Your support helps us continue making a difference.

Pantry Project (Cheltenham)

The Pantry Project opened in July 2019. We offer a healthy selection of food which includes fresh and frozen items, together with fruit and veg, dried food and toiletries. Within our shop, situated at our Head Office in 340 High Street, Cheltenham, members can choose from food and essential household items to the value of approximately £15 for £4.00 a week.

Linked to the Pantry, our Polytunnel project provides pantry members with an opportunity to engage in social activity whilst contributing to the stock of fresh produce available to members. Located at the rear of our head office, the polytunnel contains accessible raised beds in which seasonal produce is planted and grown throughout the

year. The project also contributes to improved social inclusion and wellbeing for pantry members.

By visiting the Pantry each week, members can also receive support from staff and volunteers who will develop relationships and signpost to other services that can provide debt advice, housing advice, mental health and family support.

The Pantry is open Wednesdays & Thursdays 10am – 2pm and Fridays 9am – 12pm.

Do you, or someone you know, want to become a member of our Pantry? **Click [here](#) to fill out a referral form**, or call into our reception where someone will be able to talk you through becoming a member.

The Lord's Larder (Newent)

The Lord's Larder is an independent Christian charity dedicated to the service of those in Newent and the surrounding areas who need short-term access to basic food and toiletries. What we are able to share with those in need comes from donations from across our town and surrounding villages. All those who find themselves unable to feed themselves or their families are eligible for this short-term help.

The Lord's Larder, which is run and maintained entirely by volunteers, opened in 2010 and was founded by St Mary's Church, Newent, with the support of other churches within our Benefice and in the town of Newent. We remain grateful for the prayerful and practical support still offered by these church communities. We also work with agencies both national and within the county, to help us provide the support and help where there is a genuine need.

The Larder itself is situated discreetly in Newent (and managed by a board of volunteer trustees) and we are fortunate to have a few Collection Points throughout the area, where donations of food and toiletries are generously made on a regular basis, and we hope to continue increasing our ability to give in line with the donations we gratefully receive. It is only with help from individuals in the Forest of Dean, Newent itself, Leadon Vale and the West of Severn areas that we can continue our work, we ask that you consider supporting us in this effort.

Wiggly Worm (Cheltenham)

Who we are

Wiggly has grown from a small volunteer-led charity in Gloucestershire to an organisation helping thousands each year by promoting the public health benefits of cooking, food skills, and nutrition.

Our story begins with Jack, the young son of Rob Rees MBE DL, who loved *The Very Hungry Caterpillar*. In the Rees household, it was affectionately called *The Wiggly Worm* - the perfect name for the charity Rob founded in 2007.

Initially intended as a primary school campaign to teach children how to cook, Wiggly quickly evolved into something much broader. It became a driving force for food education and social change, inspiring projects that help people understand the journey of food from "farm to fork."

Today, Wiggly provides hands-on cooking experiences that empower individuals, particularly those who are vulnerable, marginalised, or disadvantaged. Through inclusive cooking courses and community programmes, we build confidence, develop life skills, improve health, and reduce social isolation.

We believe food has the power to bring people together. Whether peeling, chopping, cooking, or sharing a meal, our welcoming spaces encourage participation for all. By working with local organisations, schools, and support services, we ensure food remains a tool for empowerment, connection, and lasting change.

Food support for under 4s

Get help to buy food and milk (Healthy Start)

<https://www.gloucestershire.gov.uk/healthy-start/>

What is Healthy Start?

If you are more than 10 weeks pregnant or have a child under 4, you could get help to buy healthy food and milk and items like:

- » fresh, tinned or frozen fruit;
- » vegetables;
- » pulses (lentils and beans);
- » cow's milk;
- » and first infant formula.

If you are eligible, you'll be sent a Healthy Start card with money on it that you can use in supermarkets and other grocery stores.

Healthy Start add your Healthy Start money onto this card every four weeks. Find out if you are [eligible to receive these benefits](#).

What do you get?

You will get money added onto your card every four weeks to spend on certain food and milk.

- » £4.25 per week if you are pregnant (from week 10)
- » £8.50 per week for each baby under the age of one
- » £4.25 per week for each child aged between one and three
- » Free vitamins

Under 18s

If you are under 18 and pregnant, you will qualify even if you do not get any benefits.

Where can you use your Healthy Start card?

You can use your Healthy Start card in most places that sell milk, infant formula, fruit and vegetables. This includes:

- » supermarkets
- » convenience stores
- » grocery stores
- » drug stores and pharmacies

- » markets
- » dairy products stores
- » news dealers and newsstands
- » freezer and locker meat provisioners (such as butcher shops)
- » petrol stations

They must display a Mastercard® symbol. The symbol is normally shown on the shop door or at the till. Ask an employee inside the shop if they take Mastercard if you're unsure.

If you try to spend the money anywhere else, the card will be declined. For example, you cannot use your card at a fast-food restaurant.

How to apply for Healthy Start

Apply by:

- » Visiting the [NHS Healthy Start website](#)

Food Waste Apps and donations

With food insecurity and climate change now a global matter that requires a collective effort to address, reducing food waste is a priority of many households and organisations.

As a result, there are now several food waste apps where you can find perfectly good food that would otherwise be destined for landfill, at much lower cost. These apps include:

Too Good To Go – with the Too Good To Go app you can easily see which cafes, restaurants, bakeries and/or stores in your local area have perfectly good food left over for you to save and enjoy at half of the price or less

Olio - share surplus food and other unwanted household items such as toiletries, cleaning products, clothes and furniture.

Try to prevent food waste from happening, follow these practical tips:

<https://www.bbcgoodfood.com/howto/guide/how-reduce-food-waste>

If you want to donate to food banks and other emergency providers use the donations at some supermarkets or donate directly to a local food bank: <https://www.trusselltrust.org/get-involved/ways-to-give/donate-food/>

Eating Well on a Budget

Meat-free sources of protein

Plant-based sources of protein are usually cheaper than meat and many can be stored in a cupboard. Beans, pulses and lentils are sources of protein which can be stored in a cupboard and count towards your 5-a-day.

How to get protein without the meat - Heart Matters magazine - BHF

Eating protein does not have to mean eating meat, and there's growing evidence that replacing animal proteins with more plant-

based proteins can benefit your health. These (mostly) vegetarian foods are high in protein and heart-healthy too.

Learning how to cook

There is no shame in not knowing how to cook, many people can find cooking challenging. Cooking is a useful life skill which can benefit all the family. Below are some resources to guide you through learning how to cook. Don't overcomplicate it and start simple. Cooking from scratch has many health benefits and could save you money over buying pre-packed foods.

Food Waste Tips

Leave the skin on

Most of the vegetable's fibre can be found in the skin. Fibre can keep us fuller for longer and keep our gut healthy, whilst preventing the risk of type 2 diabetes, cardiovascular disease and stroke. Most of the UK are not consuming enough fibre, this tip will help increase your intake.

We appreciate that all children are unique, and it may be more challenging to encourage your child to eat if they have specific sensory or dietary needs, here are a list of valuable resources to offer support:

National Autistic Society guide for all audiences

- Eating a varied diet is good for your health, but many people don't achieve this. Some autistic people have a restricted diet, eating only a limited range of food. Others may over-eat. This guide explores common issues, including pica, and ways you can help.

<https://www.autism.org.uk/advice-and-guidance/topics/behaviour/eating/all-audiences>

Food for the Brain Foundation

- there is growing evidence that nutrition and lifestyle interventions can be very supportive to children with autism:

<https://foodforthebrain.org/condition/autism/>

ARFID - Avoidant restrictive food intake disorder, more commonly known as ARFID, is a condition characterised by the person avoiding certain foods or types of food, having restricted intake in terms of overall amount eaten, or both.

<https://www.beateatingdisorders.org.uk/get-information-and-support/about-eating-disorders/types/arfid/>

We understand that it can be difficult to encourage children to eat and try new foods, especially if they are a 'fussy eater' or have a food allergy or intolerance.

If you struggle to ensure that your child consumes a well-balanced diet, take a look at these top tips from the NHS around how to cater for 'fussy eaters': <https://www.nhs.uk/conditions/baby/weaning-and-feeding/fussy-eaters/>

In addition, if you are struggling to manage your child's food allergy (e.g., eggs, milk, peanuts, wheat) here are some useful guidelines from the NHS: <https://www.nhs.uk/conditions/food-allergy/living-with/>

Please note that a food allergy is **not** the same as a food intolerance.

A food allergy is: when the body's immune system reacts unusually to specific foods. Although allergic reactions are often mild, they can be very serious.

Symptoms of a food allergy can affect different areas of the body at the same time. Some common symptoms include: an itchy sensation inside the mouth, throat or ears - a raised itchy red rash - swelling of the face, around the eyes, lips, tongue and roof of the mouth – vomiting.

A food intolerance is: when an individual has difficulty digesting certain foods and has an unpleasant physical reaction to them. It causes symptoms, such as bloating and tummy pain, which usually happen a few hours after eating the food. The number of people who believe they have a food intolerance has risen dramatically over recent years, but it's hard to know how many people are truly affected. Many people assume they have a food intolerance when the true cause of their symptoms is something else.

For more information around food intolerances, please visit: <https://www.nhs.uk/conditions/food-intolerance/>

Household support

Funding information

Household Support Fund

The Household Support Fund ends 31st March 2026.

We will be replacing this with the launch of the new Crisis and Resilience Fund.

Please check the Gloucestershire County Council website <https://www.gloucestershire.gov.uk/> for details. This will be updated as soon as we have any further information regarding it.

Welfare Support Scheme

<https://www.gloucestershire.gov.uk/health-and-social-care/gloucestershire-welfare-support-scheme/welfare-support-scheme/>

This scheme is set up specifically to support residents in Gloucestershire, who have recently moved into Council accommodation, gain access to white goods and provide support towards carpet/flooring.

Applying

If you are looking to apply for the Gloucestershire Welfare Support Scheme, please complete and submit the application form available here:

[Gloucestershire Welfare Support Scheme Application Form](#)

What will I need to know before applying?

The application will require you to provide;

- » Personal details (name, address, phone number, National

Insurance number, etc.)

- » Details on your current financial situation
- » The types of benefits/support you receive
- » What you are struggling with currently/what you require support with

If you need to leave the application before completing it to verify details, you may need to start the application again. If an application is not completed the information entered is not recorded.

You can use Relay UK with an app or a textphone. There's no extra charge to use it. Find out how to use Relay UK on the [Relay UK website](#).

Adviceline is usually available 9am to 5pm, Monday to Friday - it's not available on public holidays. Some local Citizens Advice accept calls outside of these hours. You can [check the opening times of your local Citizens Advice](#).

Adviceline is usually busiest at the beginning of the day.

If you call from a mobile, we'll ask you to say your postcode. If you

don't have a postcode, use one nearby like a GP surgery, takeaway shop or taxi company. We'll use the postcode to find your local Citizens Advice.

There are a few parts of England we don't cover yet. If you're in one of these areas, we'll give you other options when you call.

We'll answer as soon as we can - at busy times you might need to wait up to an hour. If the wait is long, we'll tell you about other ways to get advice. You can also try calling again later. If we can't answer your call within an hour, the call will be disconnected.

Calls to Adviceline are free from mobiles and landlines. You can [find out more about our call charges](#).

Report a child protection concern

If you are ever concerned that a child is in immediate danger, please call the police on 999.

Everyone has a responsibility to refer a child when it is believed or suspected that a child:

- » Has suffered significant harm and /or;
- » Is likely to suffer significant harm and/or;
- » Has developmental and welfare needs which are likely only to be met through provision of family support services (with agreement of the child's parent).

To report a concern if you are a member of the public

During office hours

You can call Children and Families Front Door Service on **01452 426565** (Monday to Friday 9am to 5pm).

You can also discuss your concerns with someone who works with children and families, such as your health visitor, social worker, school nurse or teacher (all schools have a teacher responsible for child protection).

Out of office hours

If you think a child is in immediate danger, please call the police on 999.

The Emergency Duty Team (EDT) are available for emergencies, out of office hours, which cannot safely wait until the next working day. You can call them on **01452 614194**.

EDT is not intended to provide the same level of service that is available during normal office hours.

To report a concern if you work with children or young people

During office hours

You can call Children and Families Front Door Service on **01452 426565** (Monday to Friday 9am to 5pm).

Out of office hours

If the issue cannot safely wait until the next working day, please contact the Emergency Duty Team on **01452 614758** and provide us with as much information as possible.

Enquiries needing an immediate response should be called in to prevent any delay. This would include:

- » When it is felt a child or young person is at immediate risk of harm
- » When a child protection investigation is needed (because of physical, sexual and emotional abuse or chronic neglect)

Request for service

All other requests for service should be submitted on a Multi-Agency Request Form (MARF) via our on-line portal. <https://children.gloucestershire.gov.uk/web/portal/pages/home>. If this is not possible, please email a completed MARF to childrenshelpdesk@gloucestershire.gov.uk. Please use the link below to download the current form.

There is new process/link for referrals and this is the link here: https://forms.gloucestershire.gov.uk/RequestSupport_Childrens_EarlyHelp

Who to talk to if you are a child

If you have been hurt by anybody, or an adult or another young person has done something that makes you feel upset or scared, it is important that you tell somebody so that you can get the support and protection you need.

Everybody who works or volunteers with children and young people has a responsibility to protect them from harm. Tell an adult you trust. This could be someone at your school, youth club, doctor's surgery or any other place you attend. Tell them about what is happening and what you are worried about, and they should know how to get you the support and protection you need.

You can call Children and Families Front Door Service on 01452 426565 (Monday to Friday 9am to 5pm). If you need to speak to a social worker outside these hours because you are worried about yours, or someone else's safety, then you can call our Emergency Duty Team (EDT) on 01452 614194 to speak to a social worker.

You don't need to give your name if you don't want to.

Or you can speak to someone at Childline on 0800 1111. Calls are free and confidential. You can also contact someone through the [Childline website](#).

Keeping children safe during community activities, after-school clubs and tuition

<https://www.gov.uk/government/publications/guidance-for-parents-and-carers-on-safeguarding-children-in-out-of-school-settings/keeping-children-safe-during-community-activities-after-school-clubs-and-tuition-questions-to-help-parents-and-carers-choose-out-of-school-settings>

This guidance is for parents and carers. It explains what school and activities clubs, tutors and coaches should be doing to provide a safe environment for the children that attend their setting. Settings could include:

- » community activities - for example, youth clubs
 - » before- and after-school clubs
 - » holiday clubs
 - » supplementary schools - for example, language, cultural and religious
 - » private tuition
 - » music lessons
 - » sports training and coaching
- A typical provider may be:
- » a tutor who works alone from their home
 - » a coach who runs training sessions in a sports field for children
 - » a club with volunteers or paid staff members

There is no single legal framework that governs how clubs and activities for children operate. Although these settings offer provision for children, their staff members and volunteers are not typically inspected, overseen or assessed by any regulatory organisation.

This means that when choosing a club, tutor or coach for your child, it's important to:

- » ask questions
- » check the **policies** and insurance they have in place

You should feel able to ask questions about the provider's activities and policies. A well-run and trustworthy provider will welcome questions. They should be willing to give this kind of information to anyone who leaves a child in their care.

To satisfy yourself that it is a safe environment, you may wish to:

- » meet the providers before your child attends a first session
- » ask providers if you can meet with them during a session

If a provider is going to be working on a one-to-one basis with your child (such as in the case of a private tutor), you may wish to supervise sessions.

Raising concerns about a club, tutor or coach

If you have concerns about a club or activity your child attends, first raise concerns with the provider.

All providers should have a clear policy to deal with complaints. This should include instructions on:

- » how to raise a concern
- » who to raise a concern to
- » how they will deal with the concern

The complaints policy should be on the provider's website or displayed clearly in the building where the club or activity takes place.

Ask to see a provider's child-protection policy. This should say how:

- » children can report concerns
- » the provider will make parents aware of any concerns

Individuals such as tutors should give you instructions on how to raise a concern with your local council.

You may also be able to raise your complaint or concern with a governing body or association (if they have one).

If the complaint is about a provider registered as a charity, you can raise this with the [Charity Commission](#).

If the situation is not resolved, escalate safeguarding issues by:

- » calling the NSPCC helpline on **0808 800 5000**
- » contacting the local authority designated officer at your [local council](#)

The local authority designated officer is responsible for dealing with allegations against people who work with children.

If you believe a child is in immediate danger of harm, call the police on 999.

Let's Talk Well

At Let's Talk Well we're here to support children and young people aged 9-25 and their families living in Gloucestershire.

We all go through times when we feel worried, frustrated, angry or sad. When it happens to a young person, it can be confusing, upsetting and they may not know where to turn.

We work with 9–25-year-olds in Gloucestershire. Whatever they're going through, it can help to chat and, critically, to be listened to. It's not just about talking, some young people don't always feel ready to talk.

Need to talk? We're here for you. TalkWellChat is a free, anonymous and confidential support service for young people aged 9–25 living in Gloucestershire.

If something's on your mind—no matter how big or small—you can talk to a real person from our friendly, trained team. Whether you choose to call or message us, you'll always be speaking to someone who's there to listen and support you.

There's no need to make an appointment. Just drop in during our open hours, whenever you feel ready.

We won't rush you, and you'll never be pressured to share anything you're not comfortable talking about. We'll listen without judgement, help you make sense of how you're feeling, and if needed, we can offer advice or suggest other organisations that might be able to help.

Whatever you're going through, you're not alone—and you'll always be taken seriously.

Chat now

To start TalkWellChat click on either the 'Live message chat' or 'Call' button at the top of the page. We will first ask you for a username. This could be your first name, or any other name you wish to be known by.

Calling or entering the chat means you have read and agreed to our Terms of Use (see below).

You can call or live message our friendly, trained team members about anything that's troubling you. You can talk to us about anything; nothing is too big or too small. We care. We won't judge.

PLEASE NOTE: Let's Talk Well IS NOT A CRISIS SERVICE. In an emergency please call emergency services on 999. [Further support can be found on our resources page.](#)

If you have free minutes calls will automatically be included – if not the standard network local rate will apply.

Opening hours

Sunday - Thursday
5pm - 9pm

PLEASE NOTE: The service is closed Friday and Saturday.

We will not be able to start new chats after 8.30pm.

You are important to us, and we'd love to help if we can. At busy times, it may not be possible to get through to our team straight away. Please bear with us – we will get to you as soon as we can. If you are waiting for the online chatroom, please don't close or refresh your browser.

If you have difficulties communicating or hearing, you can: **Call 18001 111** on a textphone. You can also call **NHS 111** using the **confidential relay service –Relay UK**. Relay UK can help people who cannot hear on the phone or have difficulties with their speech by providing a text-to-speech and speech-to-text translation service.

To make a text relay call you can download the free [Relay UK app](#) onto your smartphone, tablet or computer and link it to your phone number. You can then contact NHS 111 through the Relay UK app by dialing **18001 111**. You can also dial **18001 111** on a textphone.

Non-urgent help

If you need help but are not in crisis, please contact your GP if in opening hours, or call 111 for advice and support. If you don't have a GP use the [NHS service search](#) to locate the nearest one to you. If your query is not urgent, you can find our [contact details here](#).

MIIUs

You can get help for a variety of new or recent minor illnesses or injuries, including sprains, minor fractures, wounds and burns, ear ache, sore throats, skin problems, eye conditions and more at our MIIUs. We encourage patients who need to be seen in one of our MIIUs to contact NHS111 online or over the phone first of all.

If you require advice for ongoing GP care, or long term conditions please continue to contact your GP.

If you are unsure which services you require, you can still contact [NHS 111](#). Use [111 online](#) for anyone over 5 years of age.

All opening times are subject to change, as we sometimes need to close a unit at short notice to manage demand and maintain safety. We do our best to minimise any short notice closures, but by ringing 111 you will be able to

check whether the unit is open as planned.

You must contact 999 with an emergency, including chest pain and any serious injuries or illnesses, or anything you may consider to be life threatening.

LGBT+ support

FFLAG

<https://www.fflag.org.uk/>

FFLAG is a national voluntary organisation and registered charity. We are dedicated to supporting parents and families and their LGBT+ members.

We offer support to local parents groups and contacts in their efforts to help parents and families understand, accept and support their lesbian, gay, bisexual and transgender members with love and pride. FFLAG volunteers are parents of lesbian, gay, bisexual or trans children supported by other volunteers.

These young people and their families face serious homophobia and transphobia in our society, which brings in its wake prejudice, bullying and alienation.

For children and young people seeking help with low mood, anxiety or depression (NOT in immediate crisis)

School Nurse

<https://www.ghc.nhs.uk/our-teams-and-services/school-nursing>

School nurses work with children and young people aged from 5 to 19 in the community, whether they attend school or not.

School Nurses are registered nurses or midwives who support children and young people with emotional and mental health issues, relationships and sexual health, bladder and bowel issues, lifestyle health and family worries.

Based in the community, we visit children and families at home, at school or in a setting of their choice.

School nurses play a vital role in child development, carrying out immunisation and screening programmes and act as a point of contact for managing medical conditions such as allergies and anaphylaxis, asthma and epilepsy in schools.

We provide support and advice on a range of health issues such as emotional health, obesity, sexual health, smoking and substance misuse. We work with schools and other organisations to reduce health inequality and ensure that every child and young person has the best start in life.

We work closely with social care providers to help keep children and young people safe from harm. Where harm is already known about or suspected, the school nurse teams work with a range of other professionals to support the child and family to make changes to their lifestyle or care of the child through formal plans of care.

Aged between 11 to 19 and live in Gloucestershire?

You can text your school nurse using ChatHealth on 07507 333351 for support and advice on relationships, bullying, healthy lifestyle, anxiety, drugs, smoking, stress, body worries, alcohol, self-harm and sexual health.

We cover the following areas:

- » Gloucester
- » Cheltenham
- » Forest of Dean
- » Tewkesbury
- » Cotswolds
- » Stroud
- » If you support someone who lives in Gloucestershire, but you live out of county

You may be supporting someone with physical or emotional needs, they could be living independently from you but require your support on a daily or weekly basis. This could be due to ill health, frailty, mental health or due to an addiction. They may also live in residential care/ support but you remain an active part of their support network.

There is no minimum requirement for the number of hours which you are supporting someone for.

You may be supporting them:

- » Via the telephone offering emotional support
- » Taking someone to appointments

- » Supporting with cooking, cleaning, shopping and other daily tasks
- » Assisting with dressing, cleaning and other personal care needs
- » Going in to check on someone regularly

Whatever you do to support someone else you are a Carer even if you don't think of yourself as one.

The individual who you are supporting could be:

- » A family member; spouse, husband, wife, child, adult child or partner
- » A friend
- » A neighbour
- » An ex-partner

Whoever you are supporting we are here to offer advice, information and support to you to enable you to think about your needs whilst offering support to someone else.

<https://www.kftseekers.org.uk/cavern>

Phone: **01452 307201**

Email: info@kftseekers.org.uk or cavern@kftseekers.org.uk

The Cavern is, first and foremost, a community. Our bustling cafe is a safe space where everyone is valued and encouraged to grow. Here, you'll find not just exceptional coffee and fresh food, but a vibrant atmosphere where connections are built, friends made and support found.

As an independent coffee shop we provide great drinks, fresh food and a lively environment. Since our beginning in 2015, funded by the Police and Crime Commissioner, The Cavern has evolved from a

youth venue into a dynamic space hosting an array of weekly events including; Yu-Gi-Oh, Dungeons and Dragons, Pokemon, Warhammer, Magic the Gathering, Ukulele and Karaoke on Sundays!

Our commitment to the community goes beyond just being a cafe. For many, we are a safe space and a home. Many of our regulars require a level of support from staff and the community. We aim to meet that need by facilitating mental health support in the evenings and providing valuable training to volunteers throughout the day. The Cavern has given work experience opportunities to: colleges, schools as well as those who are disadvantaged or vulnerable. We welcome all of the challenges that come our way and take them as opportunities to reflect, to learn and to grow!

Conflict resolution, healthy communication, and tolerance are at the core of our mission. We understand that each individual is unique, and we strive to tailor our support to meet diverse needs. Our dedicated team supports individuals and the community by actively listening, mediating conflict, and promoting open dialogue. We recognise that each person is unique, and we tailor our approach to meet those needs, ensuring everyone feels heard and respected. Some individuals can find it harder to regulate their emotions than others, and part of our work is to help support them

to become the 'best version of themselves'. Being part of this family means that we recognise and celebrate differences, in doing so we create incredibly strong bonds based on mutual respect and celebrating joy.

At The Cavern, we are building something special and enduring—an environment and a community with strong foundations and limitless potential. We are powerful because we are different—we believe every single person has value! Join us, in creating a space where everyone feels welcome and valued.

Find us at 56 Westgate Street, Gloucester, GL1 2NF (round the corner from the cathedral)

Opening Hours:

Monday to Saturday: 10am to 10pm

Sunday: 12pm (midday) to 10pm

Come be a part of our extraordinary community at The Cavern!

When [The Cavern](#) opened in January 2015, it was built with young people in mind. In fact, it was a small group of young people we knew at the time who had the vision to transform the place. There were four people at the helm of making the launch possible; Robin, Tami, Andy, and Mike all have a big passion for working with young people and if you were to ever pop down on a Friday night, you would've seen them there, serving faithfully as volunteers every week!

Fast forward three years and the amount of young people we saw at The Cavern each week had increased by so many that having a Friday youth night had become less effective. In March 2018 we made the decision to disband our dedicated team on a Friday so that they could instead offer youth

support throughout the week. This enables us to provide support to more young people at varied times.

Youth Support is a free evening drop-in session for those aged 13 to 17 with their own discreet access for U18s only. We also offer support for 18 to 19 in our coffee shop space The Cavern. It is a safe space for youth to play games, meet new friends and hang out. With milkshakes and snacks if you are hungry! We have a great team of staff on 365 days a year to lend a listening ear to anyone that needs one, offering support and mentoring. No referrals needed, so you can just walk in!

You can find us in the basement of the Cavern, accessible from College Street. If you are unsure of how to get to us, one of the friendly staff in the Cavern will be more than happy to show you the way. The basement is a 'youth only' space, but if you want to come and check out the space with a parent or carer, you can pop into the Cavern, and we can arrange it for you in the daytime.

When

Youth Support at The Cavern happens every night between 5.30pm and 9.30pm.

Home-Start in Gloucestershire

<https://homestartsd.org/>

Home-Start Stroud and Gloucester is a local charity which supports parents with children under 5 years of age who are going through challenging times.

Parenting can feel overwhelming, especially when support is limited or life feels complicated. Our trained volunteers and specialist groups offer practical and emotional support, helping parents feel more confident and less alone.

From one-to-one home support to antenatal and postnatal groups, perinatal mental health support and our Dad Matters project, we work alongside families to help give children the best possible start in life.

How to get support

Getting started is easy:

1. You can make a referral or contact us directly
2. Or ask your GP or Health Visitor to refer you
3. We'll arrange a visit to talk about what support would help

Our service is confidential and we only support families who want our help.

A-Z of Services Be Well Gloucestershire

<https://www.bewellglos.org.uk/a-z-of-services/>

A comprehensive list of all the services and support available, listed by category.

Dental and oral health

Tooth decay is the most common oral disease affecting children and young people in England, yet it is largely preventable. With dentists now safely open, there are some suggestions to help your children take care of your teeth and develop healthy habits early.

<https://www.nhs.uk/nhs-services/dentists/who-is-entitled-to-free-nhs-dental-treatment-in-england/>

You can get free NHS dental appointments and treatment if:

- » you're aged under 18, or under 19 and in full-time education
- » you're pregnant or have had a baby in the last 12 months
- » you've had a stillbirth in the past 12 months
- » you're getting treatment in an NHS hospital from a hospital dentist (but you may still need to pay for dentures or bridges)
- » you receive War Pension Scheme payments, or Armed Forces Compensation Scheme payments and the treatment is for your accepted disability

You can also get free NHS dental treatment if you or your partner receive certain benefits including:

- » Income Support
- » Income-based Jobseeker's Allowance
- » Income-related Employment and Support Allowance
- » Pension Credit Guarantee Credit
- » Pension Credit Guarantee Credit with Savings Credit
- » Universal Credit – but only if your income is below a certain amount

If you or your partner receive benefits that mean you can get free dental treatment from the NHS, your dependents aged under 20 can also get free dental treatment.

Adult Education in Gloucestershire, a service within Gloucestershire County Council, provides learning for individuals, employers, and communities, and works in partnership with external organisations and other services across the Council.

Adult Education in Gloucestershire is committed to providing Information, Advice and Guidance to all individuals to allow them to make informed choices about

learning, training, volunteering, and careers.

We use Seetec/Standguide who service the National Careers Service to provide free, impartial careers advice and create a tailored individual action plan for learners. We also signpost to other provisions such as Gloucestershire Skills & Employment Hub who can also support with action planning and next steps.
